HealthFirst is Expanding

We are thrilled to share exciting news about the growth of our community health center! We've recently acquired a building adjacent to our health center which will allow us to expand our services to meet the growing needs of our community. Beginning in the spring of 2025, **this expansion project will enable us to provide increased access to essential services such as primary care, behavioral health, substance use disorder treatment, community resource support, and nutrition services.**

A bit about us... HealthFirst Family Care Center, Inc., is a Federally Qualified Health Center (FQHC) offering services in offices located in Laconia, Franklin, and Canaan, NH and we proudly serve 29 rural townships: Alexandria, Andover, Ashland, Belmont, Boscawen, Bridgewater, Bristol, Canaan, Center Harbor, Danbury, Dorchester, Enfield, Franklin, Gilford, Gilmanton, Grafton, Groton, Hebron, Hill, Laconia, Meredith, Moultonborough, New Hampton, Northfield, Orange, Salisbury, Sanbornton, Sandwich, and Tilton.

We promote health, wellness, and disease prevention through various health screenings, such as breast and cervical cancer. Our providers are available for all your urgent medical care needs, such as sore throats, sutures, sprains, strains, digestive problems, heart disease, neurology, dermatology, gynecology, lung disease, psychiatry, podiatry, infectious disease, and more. We provide wellness care through annual physicals, sports physicals, DOT physicals, and well-child checks. You, your children, parents, and grandparents now have access to medical care, social services, behavioral health counseling, and nutritional counseling all in one place for your convenience.

To bring this vision to life, **we are seeking partners passionate about supporting our community's health and well-being.** We are offering sponsorship opportunities, including naming rights for key areas within the newly expanded facility, such as the waiting room, exam rooms, laboratory, rooftop solar array, and other important spaces. Your support will play a pivotal role in helping us enhance the quality of care we provide to those who need it most.

By partnering with us, you'll have the opportunity to **make a lasting impact on the health of our community**, while also gaining visibility as a committed community supporter. We would love to discuss how your organization can contribute to this meaningful project. Please feel free to reach out to us at MFisk@HealthFirstFamily.org to learn more about the various ways you can get involved.

Thank you for considering this opportunity to make a difference in the Franklin community. We look forward to partnering with you!

Thank You!

Your support will not only make a lasting impact on this initiative, but it will also give your business significant exposure and a chance to connect with our engaged community. We would be honored to partner with you and showcase your commitment to HealthFirst's Franklin renovation project providing increased access to care.

We are excited about the possibility of working together to achieve something meaningful and would love to discuss further how we can make this partnership a success. Thank you for your consideration of this sponsorship opportunity, and we look forward to the chance to collaborate with you.
